Education

❖ Specialty/PhD (Field of Study, Name of University, Year Graduated)

Thesis (Topic, Supervisor, Advisor)

Exploring the dimension of home health care: Protocol design.

Supervisor: Dr Alireza Nikbakht Nasrabadi & Dr Hooman Shahsavari

Advisor: Abdolrahim Hazini

❖ Master of science(Field of Study, Name of University, Year Graduated)

Thesis (Topic, Supervisor, Advisor)

The relationship between knowledge and family members' performance in confront with patient's heart attack

Supervisor: Marhamat Frahaninia

Advisor: Mohammad Thaghi Safdari & Dr Hamid Haghani

❖ Bachelor of science (Field of Study, Name of University, Year Graduated)

❖ Nursing. Lorestan University of Medical Sciences.

❖ Related degree (Field of Study, Name of University, Year Graduated)

BSN, Lorestan University of medical sciences

MSN. Community Health Nursing. Iran University of medical sciences.

PhD in Community Health Nursing. Tehran University of medical sciences.

Honors, Awards, and Scholarships (if available)

Favorite nurse in 2007, 2011

Premier Master in 2012

Premier Researcher in 2016

Premier Researcher in 2017

Experiences

1. Scientific position

Assistant professor: Faculty of nursing and midwifery, Lorestan University of Medical Sciences, Iran 2008- 2013 And 2016 up to now.

2. Clinical Experiences

Critical care wards- Delivery of care in Community

3. Teaching Experiences

Geriatric Nursing in Postgraduate level & Community Health Nursing courses.

Grants

Exploring the dimension of home health care: Protocol design. 2015. (Approved by Vice-Dean Research of Tehran University of Medical Sciences).

2. Exploring the clinical education of community health nursing: Protocol design. 2015. (Approved by Vice-Dean Research of Tehran University of Medical Sciences).

3. Exploring the health worker's perception of home-based Palliative Care in cancer patients: qualitative study. 2015. (Approved by Vice-Dean Research of Lorestan University of Medical

Sciences).

4. Customer's satisfaction about prehospital emergency medical services (115) in Lorestan University of medical sciences, Iran.2013. (Approved by Vice-Dean Research of Lorestan University of Medical Sciences).

5. Assessment of related factors with physical activity among patients with type 2 diabetes based on Tran Theoretical model. 2012. (Approved by Vice-Dean Research of Lorestan University of Medical Sciences).

6. Exploring the nurses and nursing student's perception about Strategies of Improving Mentorship Plan in nursing: A Qualitative Study. 2012. (Approved by Vice-Dean Research of Lorestan University of Medical Sciences).

7. Workplace violence against working nurses in the Khorramabad educational hospital and the confronting behaviors in violent events. 2011. (Approved by Vice-Dean Research of Lorestan University of Medical Sciences).

9. A Comparative Study of Teacher Evaluation Priorities from Viewpoint of the Faculty Members and Students of Lorestan University of Medical Sciences. 2010. (Approved by Vice-Dean Research of Lorestan University of Medical Sciences).

10. Investigating the causes and the consequences of hospitalization in intensive care units. 2009. (Approved by Vice-Dean Research of Lorestan University of Medical Sciences).

Supervisor

1. Investigating the effect of training intervention based on Theory of Planned Behavior on nurses' intention to perform hand hygiene.
2. The impact of family-centered interventions on family anxiety and depression and self-efficacy in patients with loss of consciousness in intensive care units (ICU).
3. The effect of community-based interventions to improve the lifestyle of elderly patients with hypertension who were referred to health centers of Khorramabad in 2019.

Advisor

1. Comparison of the effectiveness of rehabilitation through home visit and telephone follow up on self-efficacy in CABG patients and their family caregivers' burden.
